Who We are...!

We (Rowdri & Ravali) are young and passionate entrepreneurs started our journey as a small virtual team in 2008. From the beginning we are delivering projects with good quality in various domains like Manufacturing, Retail and Health care. Apart from the IT delivery we have our own mark in building technical competencies (skill development) in the areas of .NET, Java, Object Oriented Modeling & Design, Design Patterns.

From 2012 we have increased our focus in IT Service Management consulting (Operation Management, Process Design, Process Management, IT Strategy Consulting and ITIL Training).

We finally decided to start our own delivery center in INDIA at our native place Rajahmundry (India), registered as 'Dizitive IT Solutions' in APR 2016 and serving various clients across India.

Why Dizitive IT

Innovation distinguishes between a leader and a follower" We at DizitiveIT have passion to innovate and to be the leader.

Dizitive IT Solutions (DIS) is a provider of best in class integrated business, technology, service management and process solutions on a global delivery model. DIS is an India based IT consulting company that provides services in Information Technology and IT Service Management. We believe in innovation. With our passion we drive organizations to the state where 'the customer thinks that we are right'.

DIS has a group of certified professionals with great knowledge in Application maintenance, Application outsourcing, Application modernization, Web development, Product engineering, Cloud computing, Saas Delivery, IT Service Management, Business Relationship management, Process Design and Operation Management.

DIS offers comprehensive ITSM consulting to achieve efficient and effective IT operations by standardizing tools and integrating service and delivery processes. Our ITIL expert certified professionals can bridge the gap between ITIL best practices and the implementing an IT Service Management solution across organizations.

OUR LOCATION

Rajahmundry, officially known as Rajamahendravaram, is a city in the Indian state of Andhra Pradesh located on the banks of the Godavari River in East Godavari district. It is a municipal corporation and also the headquarters of both Rajahmundry Rural and Rajahmundry Urban mandala, administered under Rajahmundry revenue division. As of 2011 census, it is the seventh most populous city in the state, with a population of 341,831.

The city is known for its historic traditional, cultural, agricultural and economic backgrounds and hence, it is known as the Cultural Capital of Andhra Pradesh. One of the longest road cum rail bridges across Godavari River, connects the city with the town of Kovvur.
